Citizen's Charter

Towards Transparent, Efficient and Responsive Service Delivery

Introduction to Citizen's Charter

It has been recognised the world over that good governance is essential for sustainable development, both economic and social. The three essential aspects emphasised in good governance are transparency, accountability and responsiveness of the administration. The "Citizen's Charters" is a response to the quest for solving the problems which a citizen encounters, day in and day out, while dealing with organisations providing public services.

The concept of Citizen's Charter enshrines the trust between the service provider and its users. Citizen's Charter is a document which represents a systematic effort to focus on the commitment of the Organisation towards its Citizens in respects of Standard of Services, Information, Choice and Consultation, Non -discrimination and Accessibility, Grievance Redress, Courtesy and Value for Money. This also includes expectations of the Organisation from the Citizen for fulfilling the commitment of the Organisation.

The term 'Citizen' in the Citizen's Charter implies the clients or customers whose interests and values are addressed by the Citizen's Charter and, therefore, includes not only the citizens but also all the stakeholders, i.e.,

citizens, customers, clients, users, beneficiaries, other Ministries/ Departments/ Organisations, etc.

The main objective of the exercise to issue the Citizen's Charter of the Municipal Corporation, Chandigarh is to improve the quality of public services. This is done by letting people know the mandate of the Municipal Corporation, Chandigarh, how one can get in touch with its officials, what to expect by way of services and how to seek a remedy if something goes wrong. The Citizen's Charter does not by itself create new legal rights, but it surely helps in enforcing existing rights. This charter also documents, apart from what we can offer the citizens, what the citizens can do to help us serve them better and what can be achieved if both of us join together

About the Chandigarh Municipal Corporation

Chandigarh is India's one of the first experiments with urban development. Chandigarh is known all over the world as an outstanding example of architecture, planning and landscaping. Today, after nearly 60 years of its inception, the city stands out for its high quality of life and clean, relatively pollution free environment, unlike other growing urban areas in the country. Its citizens enjoy a direct relationship of the built-form with nature, and have abundant access to green spaces all over the city.

We are the local government authority for the city Chandigarh and have been administrating the city since 1994 and serving its citizens through the Head Office at Sector 17 and a sub office at Manimajra. MCC provides the following services:

- **Public Health, Sanitation, Street Lighting etc.**
- **Provision and maintenance of infrastructure – Roads, Storm Water Drainage, Under Ground Drainage, water distribution**
- **Street Lights, Parks & Play Grounds etc**
- **Regulatory activities – building constructions, trade licenses etc**
- **Implementation of urban poverty alleviation programmes.**

In addition to providing various services to our citizens, we also own and look after around 2000 acre acres of open space across Chandigarh, including gardens, parks and plazas.

Our Goal

Our goal is to provide effective and efficient services to the citizens while preserving the environment and rich heritage of Chandigarh. This Citizen's Charter is a commitment of the Municipal Corporation of Chandigarh to achieve a STAR system.
